## Certificate Toys EN 71:3 and EN 71:9

Products: **Korsnäs White**

We hereby confirm that our paperboard Korsnäs White complies with the European Standard EN 71:3 "Safety of Toys - Part 3: Migration of certain elements" as of December 1, 2000. The board grade also complies with the demands for paper<sup>1</sup> in the European Standard EN 71-9:2005 + A1:2007 Organic chemical compounds requirement.

1. Paper is defined as material marketed as either paper or paperboard, with a maximum mass unit per area of 400 g/m<sup>2</sup>
